ACKNOWLEDGEMENTS

Ensemble music from Annoesjka Cabo

Guests are kindly requested to refrain from taking photographs during the dinner. Official photographs will be available.
In 1932, the Ridderzaal hosted the opening ceremony of the 8th Union World Conference on Tuberculosis and was attended by Her Majesty Emma, the mother of Queen Wilhelmina, and His Royal Highness Prince Hendrik. Her Majesty Emma was patroness of KNCV Tuberculosis Foundation, and fully committed to the fight against this disease, having lost her sister Sophie to tuberculosis. Almost 90 years on, we are honoured to be able to come together in this special place to commemorate The Union’s progress against tuberculosis, HIV/AIDS, illnesses caused by tobacco use, and other diseases, and to support the organisation’s next century of global impact.
